## THE POWER OF THINKING BIG.

**The Power of Thinking Big** is a **Non-fungible token (NFT)**, created by Engelbert Yiyvu C, on the Occasion of the **50th Anniversary of Sacred Heart Ex- Student Association (Shesa)** . Members of Shesa are called **Shesans**. Shesans, Represent a select group of men who were schooled in a Fraternity College called Sacred Heart College Mankon or ( **Saheco**) . To be selected into Saheco in form 1, these men had proven to be the best in Sport, Education, Skill and every other types of Disciplines from their **Primary Education**, in Cameroon, Africa and allover the World.

These Young **Shesans**, are then molded for 7 years through **Prayer, Hard Work**, and **Discipline** to bring out the best possible versions of themselves. Shesans are known world wide to set the pace for the rest to follow, they are leaders in Industry, Business, Politics, Economics, Engineering, Mathematics, Technology, Sports, Media, Artificial Intelligence and every other field you can think of, that adds value to society and contributes to making the world a better place.

**The Power of Thinking Big** is an (NFT), a special kind of cryptoasset that is part of the **Ethereum blockchain**. Each NFT represents a real-world object like music, a video, an in-game item, or a virtual baseball trading card. These digital assets are bought and sold online, typically with cryptocurrency. A cryptographic assets on the **Ethereum** with **unique identification codes** and **metadata** that distinguish them from each other. This digital art piece is available on Rarible and Open Seas.

The Power of Positive Thinking is an art piece represented digitally as the mock up of a tshirt with the design of a **Shesa at 50** text and the Shesa at 50 logo along side 4 hands in **Red, Green, Blue** and **Yellow** representing the 4 houses, **St Johns, St Francis, St Thomas** and **St Peters**; a Shesan would be places in. The Lower part of the Tshirt has as design, a mix of Dormitories names, Amphis, Labs and other key Words Familiar to Shesans Uniquely.

On the hands is written Saheco on the right and Mankon on the left hand, on the back is the **nickname** of **NFT holder**. Also found on the back is a Qrcode that links to a webpage to verify the Authenticity of the Tshirt, with its Digital Copy. (NFT)

This Art piece tells the story through Saheco, from the Main Gate, through the main drive to the Dormitory, From **St Augustines** right through to **Charles Lwanga**, from Form 1 right through to Uppersixth. It brings Highlights of the most Important Moments and Memories shared in Saheco, like House Feast and Visiting Day, to the worst moments like Last day and Winter Bus. Looking at the Tshirt from any angle will connect you to a story or a beautiful memory and spark meaningful and delightful conversations anytime.

**This Art piece has been build to last and stand the test of time and will only grow in value for the privileged 2000 Shesans who will be lucky to get one in time.** We are gradually moving into **Web 3.0** and Digital wealth and Assets is our undeniable future. As Shesan we have to lead and thats why I took this opportunity to create one of Cameroons First NFT project, so we as Shesans be amongst the first to own. Only 2000 Original Nft copies of this Art will ever be created . Every other person buying after will only be able to buy in a bid or resale from one of the 2000 Shesans who will own it first.

Every Shesan who buys one of the Original 2000 pieces at lunch will also have delivered the real life counterpart of the tshirt, and have their names on a Webpage showing all 2000 first buyers plus extra information.

This Art Piece will include:

1. A T-shirt of your House color, with all the Designs Shown and your Nick Name and Qrcode at the Back
2. An Nft copy of your tshirts design, available on the open seas and Rarible Market for easy reselling
3. A web page with your NFT copy and some portfolio Information, Plus a picture of you if you wish. Which will be hosted for 5 years.

A single Piece of this **NFT token** and tshirt cost **50,000Fcfa** and every resale only leads to an increase in price on the **Ethereum Network**. **A Mass Model will also be made and cost 25,000fcfa** **A webpage will also be created for each, but it will not be connected to the NFT.**

**This Digital Art piece has a starting bid of 100,000,000 Fcfa, the highest Bidder takes it home**

Going through Sacred Heart College Mankon, the one thing I missed so much when I was in school was my personal computer at home. In Sacred Heart there was a computer lab and computers, but not sufficient enough to go round. One thing I really wished I had more access to in Saheco was computer.

In this new age, with the development on Web 3.0, Virtual and Augmented Realities, Artificial Intelligence, Machine learning Algorithms and all other modern technologies, its no longer a choice but a necessity to have great digital skills to survive the future ahead . These digital skills can go hand in glove with the education of the younger mishes and enable them build very critical skills needed for survival in the outside world. In view of this, we decided to support Saheco with 10 % of the expected value of the projects, which is 10,000,000 Fcfa to purchase 100 i5 laptop computers with the good performance processors and space and install with the most renowned industry software, that is easy for the young mishe to learn to use.

We are accepting 4 options for the Sale of this Digital Art Piece

1. **A one time sale of 100,000,000fcfa or the priced paid by the highest bidder**
2. **Half the cost of the project at 50,000,000fcfa and we own rights half**
3. **In 10 pieces to 10 different Shesans at 10,000,000fcfa each**
4. **In pieces of 50,000fcfa each to 2000 Shesans**

**( Preorders of the Art piece are already going on, Only those who pay before the 25 of October 2022 will have printable copies to wear on the day of the jubilee everyone who pays later than this date will have it sent later)**

## LICENSING AGREEMENT

Douala, CAMEROON

### BACKGROUND:

This Licensing Agreement (the "Agreement") is made effective as of \_\_\_\_\_  
by and between the following Licensor of the following address:

\_\_\_\_\_

and the following Licensee of the following address:

\_\_\_\_\_

In the Agreement, the Party who is granting the right to use the licensed property will be referred to as"

and the Party who is receiving the right to use the licensed property will be referred to as"

\_\_\_\_\_

The individuals may be known collectively as the "**Parties.**" All references to the Licensee and Licensor in this Agreement shall include, if relevant, the Parties' parent companies, affiliates, and subsidiaries.

The Parties agree to the following:

### 1. GRANT OF LICENSE
